**Municipality of Thames Centre
Notice of Public Information Centre (PIC)
King Street Storm Sewer Upgrade and Road Urbanization
Thorndale, Ontario**

The Municipality of Thames Centre invites property owners to a Public Information Centre (PIC) regarding the design of the King Street Storm Sewer Upgrade and Road Urbanization Project.

The PIC is being held to receive feedback regarding the project design, anticipated construction timing, and to engage with Municipal, County, and Consultant Staff involved in the project. The location and date of the PIC is listed below:

**Thursday, June 26, 2025, 5:30pm – 7:30pm Thorndale
Lions Community Centre – Meeting Room #3 265
Upper Queen Street, Thorndale, ON N0M 2P0**

— DESIGN AREA FOR 2026 CONSTRUCTION (PENDING COUNCIL APPROVAL)
— TRAFFIC CALMING DISCUSSION AREA

The PIC includes a short presentation at 5:45pm and will follow with an open house format (for those who are not able to attend during the presentation).

The 2026 King Street Construction Area (pending council approval) includes a cross section as per Middlesex County Standards, with curb and gutter, 1.5m sidewalks, turn lane, a pedestrian crosswalk at Brooker Trail/ Aspen Circle, upgraded storm sewers and private drain connections (PDC's) to each property. The presentation will also include a section for discussion about Middlesex County acceptable traffic calming measures between Wye Creek and Harrison Street.

Stay up to date on the Municipal Website:
