

THORNDALE COMMUNITY CENTRE DEMOLITION

April 9, 2020

Attention Residents:

The Municipality of Thames Centre along with the Provinces COVID -19 Hotline have determined that due to the possible risk of the public's health and safety from the fire at the Thorndale Community Centre, the demolition of the buildings remains can be conducted.

This decision is based on the Section 31 of the essential services list in Ontario Regulation 119/20, under the Emergency Management and Civil Protection Act.

Starting April 14 2020, MCI Design Built will be mobilizing onsite to start the process of demolition. The work should take approximately two weeks to complete.

If you have any questions or concerns please feel free to call or email our office 519.268.7334 or inquiries@thamescentre.on.ca
