2023 Annual Highlights

A Year In Review

Thames Centre Council supported the 2023 Annual Highlights! This document, initiated by the Chief Administrative Officer, showcases our municipal achievements, financial success, and completed projects. It underscores our commitment to transparency and community engagement, keeping residents informed and involved. As we move forward, Thames Centre remains focused on exceeding residents' needs and aligning with Council 2024-2027 Strategic Priorities. Access the highlights on our website for a look at the progress and success!

Harrietsville-Mossley Ball Diamond

Frost Field

Council approved naming the baseball diamond at Harrietsville-Mossley Community Park to Frost Field, in honour of the late Max Frost, who passed away in late 2023. Max was a pillar of the sports community in Harrietsville for many years. He played a crucial role in shaping the ballpark into what it is today, laying down the groundwork for its development. With the unwavering support of his family, Max made significant commitments to uphold and enrich sporting activities, particularly in baseball and hockey, for the Harrietsville community.

Max was a driving force for baseball and hockey in the Harrietsville area. He played, coached and loved being part of the teams.

Renewal of Collective Agreement

CUPE Local 107

Council has approved a memorandum of settlement which effectively renews a four-year Collective Agreement with CUPE Local 107, representing various essential roles such as water and road operators, mechanics, and other personnel.

Community Grants Program

Empowering Thames Centre Community Groups

Council has approved the 2024 Community Grants Program, aligning with the strategic plan's focus on community engagement. With an initial \$40,000 investment and ongoing support, the program reflects the Municipality's commitment to empowering local groups. Interested parties can apply until May 2024, with preference given to projects aligning with the Thames Centre Strategic Plan. Grants up to \$10,000 are available, encouraging innovative initiatives that enrich community life and foster collaboration. This program represents an opportunity for organizations to bring their visions to life, contributing to the vibrancy and connectivity of Thames Centre for years to come.

Community Garden

Dorchester Location

Council has approved the establishment of a new Community Garden outside the FlightExec Centre, utilizing the fenced area previously occupied by the co-op nursery. Additionally, enhancements will be made to the existing community garden at the Thorndale Library. These efforts signify a significant stride in fostering Community Engagement and Sustainability within the Municipality. Further enhancements will be made to the Thorndale site to better serve the community. By investing in community gardens, Thames Centre aims to promote healthier lifestyles, encourage community interaction, and elevate overall quality of life. Residents are encouraged to stay updated on the development of these projects and opportunities to get involved in their maintenance and utilization.
