June 9, 2025

Charity Depot Cheques Presented

ATO TROBUNE CASA MARINE DEMARKE S.1.174.

Mayor McMillan and Public Works Director Jarrod Craven presented cheques to the MS Bike Club, the Optimist Club of North Dorchester, and the Thorndale Optimist Club.

These funds were raised by the Charity Depots, where held on May 3rd in Dorchester and May 10th in Thorndale.

At a Charity Depot, residents deliver unwanted scrap metals, used batteries, and aluminum cans to Depot locations, where volunteers assist in unloading the items, so they can be sent to local metal recyclers to be weighed and exchanged for fair market value.

The Mayor thanked the volunteers who help make Charity Depots happen, and also recognized Aarts Trucking, who made a gracious cash donation to this year's Charity Depot program, and also provided bins that were used at this year's Charity Depot events.

And of course, we thank all residents who participated in these Charity Depot events, by donating their unwanted goods to help support local charities.

Council Highlights

Community Improvement Plan Grants Approved

Council approved \$12,077.04 in Community Improvement Plan grants.

These grants are designed to help property owners make improvements to their property that benefit the community as a whole.

The funds are not awarded to recipients until they meet the conditions of a funding agreement.

The Community Improvement Plan includes \$40,000 for Community Improvement Grants, with a maximum grant of \$10,000 available for any single application.

Applications for the next wave of grants must be submitted by October 1.

In her remarks, Mayor McMillan highlighted that she and Deputy Mayor Smibert represented Thames Centre at the Ontario Small Urban Municipalities conference.

Asset Management Plan Received by Council

Council approved a new Asset Management Plan (AMP), a document which outlines the long-term sustainability of infrastructure within the Municipality. Like all Ontario municipalities, Thames Centre has an infrastructure deficit; however, thanks to prudent

planning, it's projected that we can sustain our existing infrastructure <u> Click to Read</u> without significant tax increases! <u>the AMP</u> Asset Condition Replacement cost of Replacement cost of asset portfolio infrastructure per capita 78% of the Township's infrastructure portfolio is in fair or better condition \$469.8 million \$33,608 Overall average condition is Good or 65.4% (2021 Census) Very Good Good Fair Poor Very Poor Actual average annual Target average annua Water Distribution \$44.7 \$5.7m frastructure reinvestment rate frastructure reinvestment rat Wastewater Collection \$18.5 \$3.8m 1.3% \$24.3 2.1% Stormwater Collection 3.8m \$3.6n\$1.8m \$19.6m \$14.7m Road Network Percentage of assets in fai or better condition Percentage of annual infrastructure funding needs currently being met Parks & Land Improvements \$14.2m \$1.9m 78% 64.6% \$491k \$331k Machinery & Equipment \$755k Fleet \$4.7m Portion of total infrastructur Annual cost savings for **Building & Facilities** \$9.7m \$60.2m \$18.0m iding that comes from roads through proactive grant funding lifecycle management Bridges & Culverts \$22.9 \$1.6 million \$1.4 million 0% 25% 50% 75% 100%
